

Welcome to the Taylorville Evangelical Free Church We believe that the deepest longings in each of our hearts can only be met in a genuine relationship with God. That relationship is not secured through a rule-bound, treadmill performance that continually stretches to please the unpleaseable. Instead, it is received as a gift. It is a gift of mercy and grace. It is a gift that sets us free from pretending that we are better than we really are. It is a gift that sets us free to love others as we have received love from God.

We long to be that kind of church -- the church Jesus envisioned as he poured his life and influence into his disciples. We want to be a church that brings good news and great joy into people's lives. Our desire is that we become a church where...

- .. The worship is refreshing, and helps our hearts grow bigger toward God.
- .. People, not programs are our greatest priority.
- .. The teaching on Sunday morning is related to life on Monday morning.
- .. People are growing in deep dependence upon God.
- .. You find authentic, honest friendships, not just friendly people.
- .. Compassionate care is extended to people who are in need.

I have to be honest; we are not there yet. However, we really are striving to become that kind of church. Whether you are just starting to investigate the claims of Christ, asking important questions about God, or are a deeply committed follower of Jesus Christ, it would be our great delight to have you visit our services. If you have questions about the church or ministries that are not answered on our web site, please feel free to contact us by phone or email. Warmest Regards, Jim Wolfe Senior Pastor
